ORDER:

The Joint Director of Agriculture has reported that drivers and cleaners of tractors who are entrusted with ploughing operations and make tours to different places have to make halts for more than ten days in one and the same place. In view of the increased cost of living and difficulties in regard to securing food and accommodation in out-of-the-way places, the Joint Director of Agriculture has recommended the grant of daily allowance to the drivers and cleaners at full rates for the first 30 days of halt and at 3/4 rates for the remaining period exceeding 30 days. In the circumstances reported by the Joint Director of Agriculture, His Excellency the Governor of Madras directs that with effect from the date of this order, the drivers and cleaners of tractors entrusted with ploughing operations be permitted to draw daily allowance at full rates for twenty days and at 3/4 rate for the reamining period exceeding twenty days for halts at one of the same place.
